Figure 3: While get such message:

You'll need a new app to open this erp06.douyee.lan

OK

Figure 4: When running the SalesDemo application, got below error message.

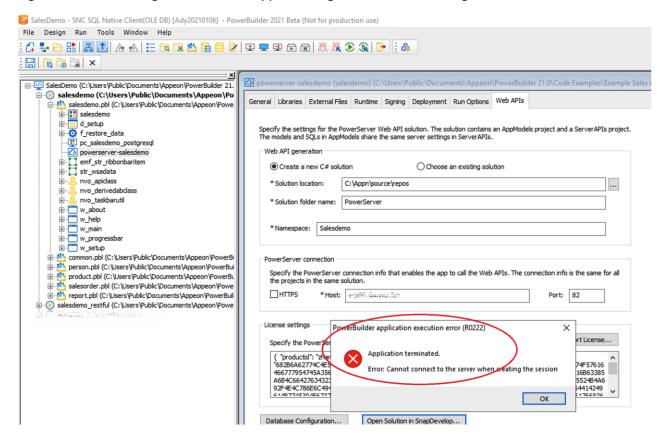

Figure 5: I did follow the tutorial how to use the Web Deploy feature of SnapDevelop:

https://docs.appeon.com/snapdevelop2019r3/Publish/index.html#publishing-to-iis
